PLN/NB (including SOBRA)	PLN/PW (including SOBRA)	TMD/FM

3. The persons Federal Poverty Level (FPL) is 185% or less

## Monthly and Daily Interface Files

KDHE runs interface files monthly and daily to identify KDHE consumers who meet the stated criteria above. A list of those identified persons is sent to the Kansas Department of Education (KSDE). Then, KSDE determines eligibility for Free and Reduced School Lunch.

- The monthly file runs the second workday of each month.

Ex: The file that runs in July 2022 will look for clients that satisfy the criteria for August 2022.

- The daily file identifies persons who are newly approved for medical benefits and meet the above criteria in the current month or the following month.
