Real Time Interface History Detail

The Real Time Interface History Detail page displays next. Request List section provides an overview of the interface call(s) made. The Request Status column indicates if KEES successfully contacted the interface(s). A Request Status of Success does not mean that information about the consumer was found.

Request ID	Requested Item	Requested Person	Requested Verification	Request Status
1377865	Income	Cheryl Rupp	KPERS	Success
1377866	Income	Cheryl Rupp	TALX	Success
1377867	Income	Jason Rupp	KPERS	Success
1377868	Income	Jason Rupp	TALX	Success

The Response List section indicates the result(s) of the interface call(s). A Response of Success: Activity found for either KPERS or TALX means that the call to the interface was successful. It does not mean that information about the consumer was found on the interface(s). If the interface was unable to run an Error Message will display.
