FOSTER CARE HELPFUL INFORMATION FEBRUARY 2020

Scenario when the GA01N CTW Aid Code needs to overridden to GA01N CTH.

Foster Care cases when a child:

- EDBC determines the wrong Aid Code of CTW after determining the initial CTH determination.
- Returned home for longer than six months and then placed back into foster care.
- Foster Care Eligibility Determination does not have a CTW record.
- Has more than one Child Placement record after being placed back into foster care.

Foster Care RDB Resource Type

KEES is *not* recognizing 3 Foster Care Resource Types and determining the *ERROR* aid code at EDBC. A KEES Help Desk ticket must be submitted to fix these cases.

- Independent Living
- Jail-Adult
- Juvenile Correctional Facility (JCF)
- Case Management Office

ERROR AID CODE

In some scenarios KEES is assigning the FC ERROR Aid Code on a day basis, allowing the ERROR code to be Overridden and producing a Read Only EDBC. *Never* Accept or Override an ERROR EDBC. End Users should review data collection make any updates and rerun EDBC.

Aid Code for 19 Year Old

KEES is assigning the AFP aid code at EDBC for 19 year old youth. KEES is currently unable to assign the correct aid code. The workaround for this scenario is to override the AFP aid code and assign the AGE aid code.

Non Relative Kinship

KEES does not have a Non Relative Kinship Type and will not populate via CLARIS. Manually enter these into the Foster Care RDB as a Non-Relative Home Non-KDHE Approved type. Add the CLARIS case number in the Comments section and override the EDBC aid code if required.

Foster Care Resource Databank Out-of-State Licensed Providers

Out of state licensed Foster Care providers are manually entered into the KEES Foster Care Resource Data Bank. All licensed in state Foster Care providers are entered by CLARIS. CLARIS populates the KEES FC RDB information including the license. If the out of state licensed facility does not have License Information manually entered, KEES will populate an *ERROR* aid Code when running

Enter the out of state license information manually on the Foster Care License Detail.

If the out of state License Number is not known enter 0000.
